BOOKING A RESERVATION

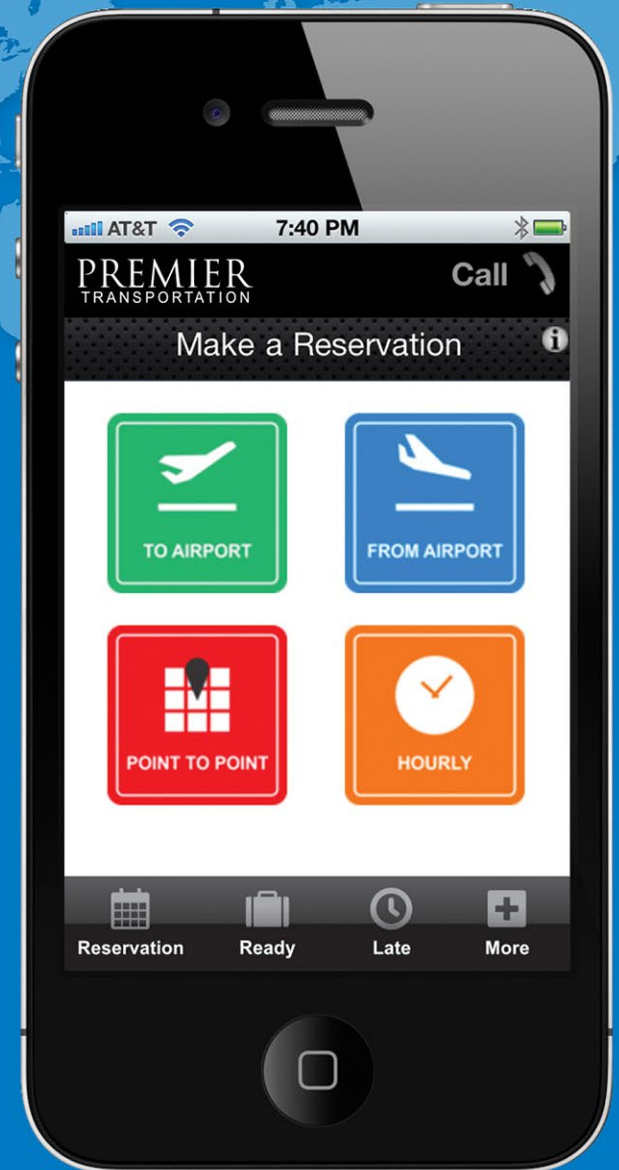

The Premier Transportation App gives you access to the most intuitive reservation tool.

Your time is valuable. The Premier Transportation App is designed with this in mind. You will be able to book reservations in seconds and receive confirmations within minutes.

BOOKING A RETURNING TRIP

Once you book a reservation, you will always be asked if a return trip is required. To make the return option simple and accurate the addresses are automatically reversed.

The Premier Transportation App offers a simple way to book a return. This ensures an excellent experience to/from the airport!

USEFUL FEATURES

LATE FOR PICKUP

Premier Transportation clients have very busy schedules. Your plans continually change. When a meeting goes longer or the party is extended, calling can be cumbersome. With a simple press of the Late Button, you can notify Premier Transportation that you are running late.

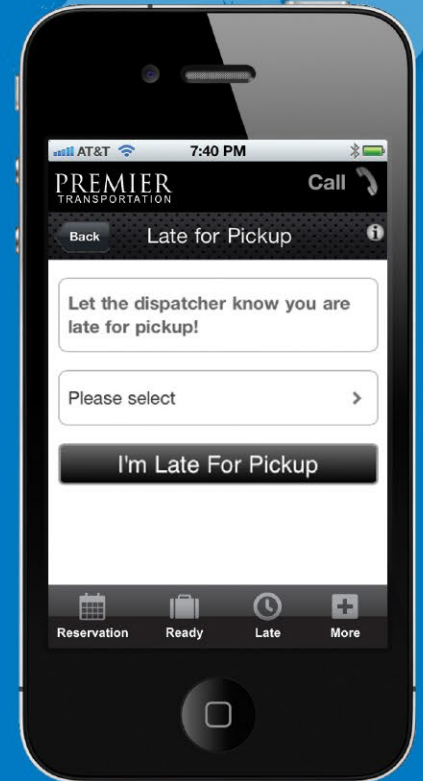

You can easily communicate to Premier Transportation to have the vehicle standby for a determined time or just standby.

No need for lengthy phone calls or troublesome interruptions to your work day.

READY FOR PICKUP

When you are ready to go, simply press the Ready Button on the Premier Transportation App. This function is great for airport arrivals and busy downtown locations.

Premier Transportation will immediately send vehicle information to you and notify the chauffeur of your status.

VIEW/CANCEL RESERVATIONS

Going into the "My Reservations" tab allows you to check or cancel a reservation at any time.

Your travel plans continually change. The Premier Transportation App will automatically send you a reminder of your reservation 5 hours before your travel time. This allows enough time for you to make a change if required.
